

Following a number of requests for members to use buggies (both for hire and personal), the Executive Committee has decided to implement a policy on the use of buggies for our competitions, including the Emerton-Court.

**The following has been agreed:**

- Buggies may be used for our competitions.
- All arrangements for the hire/use of a buggy must be agreed in advance with the club hosting the competition.
- Anyone hiring a buggy or using their own buggy must ensure they sign the appropriate documentation/waiver with the host club.
- They must also have the relevant insurance policy, where required.

**with effect from 1 January 2022**
